**73.0 EFFECTIVE IN:** All territory served.

**73.1 APPLICABILITY:** The Renewable Energy Program is available on a voluntary basis to all retail customers except OSL, LM, AFL and incremental RTP kWh. OG&E reserves the right to limit the amount of Renewable Energy Credits (“Credits” or “RECs”) provided to individual customers under this rider. Should subscriptions exceed available supply, OG&E is not obligated to acquire additional Credits. These Credits will include all renewable resources allocated to the Arkansas jurisdiction.

**73.2 TERM:** Customers may subscribe at any time but the initial subscription term is one year. After the initial term, Customers may terminate subscription at any time, with the termination effective with the next monthly billing cycle.

**73.3 PRICING FOR RENEWABLE ENERGY CREDITS:** The REC prices shall be set forth in attachment A and filed annually with the commission on or before October 31 and the Company will notify customers of any price changes for the next year in November. Prices are effective for the revenue year of the January billing month to the December billing month.

The total number of Renewable Energy Program kWh shall also be filed with the commission each year on or before October 31. The Renewable Energy Program kWh may be limited to less than the posted amount if renewable energy availability becomes limited. Once the posted amount has been subscribed for a year, no other customers will be allowed to subscribe until the next calendar year, or until additional Renewable Energy Program kWh are available. Should additional Renewable Energy become available, adjustments may be made to include those resources. The Company will not make refunds of unused Credits to customers. Credits may not be resold by customers.

**73.4 ANNUAL SUBSCRIPTION LEVELS AND PRICES:** Residential and other smaller customers may elect to subscribe to one of the following levels.
