DEFINITION OF SEASONS:

Summer Season: The five OG&E Revenue Months of June through October.

Winter Season: The seven OG&E Revenue Months of November through May of the succeeding year.

APPLICATION OF ENERGY COST RECOVERY (ECR): The ECR<sub>on</sub> and ECR<sub>off</sub> as defined in the ECR rider shall apply to the energy components within this tariff as follows: The ECR<sub>on</sub> shall apply to all On-Peak kWh sales; and, the ECR<sub>off</sub> shall apply to all Off-Peak and Winter Season kWh sales

MINIMUM BILL: The minimum monthly bill shall be the Customer Charge.

RIDERS: Applicable Riders which adjust this Rate Schedule are listed in Rate Schedule No. RSR, Tables of Riders Applicable to Rate Schedules.

BEST BILL PROVISION: At the end of the initial subscription term, the customer's billing will be compared to the tariff under which the customer was previously receiving service prior to subscribing to the GS-TOU tariff, using actual usage for the entire period. If the amount actually paid is higher than what the customer would have paid under the prior tariff, the customer will receive a credit on their bill equal to the difference between the amount actually paid and the amount that would have been paid under the prior tariff. If the customer is subscribing to the GS-TOU tariff as part of a new service subscription then the applicable comparison tariff shall be the GS-1 tariff. The Best Bill Provision will only be applied after the first full year of subscription to the tariff and will not be available in ensuing years.

TERM AND SERVICE TERMINATION: This is an optional tariff and the initial subscription term is for one year. After the initial subscription term, a customer will automatically continue service under this tariff until the customer selects another tariff by giving a 30 day notice to the Company. If the thirtieth day of the notice period does not fall on the last day of the billing month, service will continue under this tariff through the next billing period. If a customer terminates service under this tariff, the customer will not be eligible to receive service under this tariff for a period of twelve (12) revenue months from the termination date.

The Company may require a contract for a year or longer, subject also to special minimum guarantees, which may be necessary in cases warranted by special circumstances or unusually large investments by the Company. Such special minimum guarantees shall be calculated in accordance with the Company's Allowable Expenditure Formula in its Terms and Conditions of Service filed with and approved by the Commission.
