

An aerial photograph of a wind farm at sunset. The sun is low on the horizon, casting a warm orange and yellow glow across the sky. The landscape is a rolling green field with several white wind turbines scattered across it. A winding dirt road or path leads through the field. A dark blue semi-transparent overlay covers the bottom left portion of the image, containing white text.

**Sustainability
Accounting Standards
Board (SASB) Report**

OGE[®]

2020 SASB Report

We energize life. OG&E's culture of stewardship and community impact can be seen through our life-sustaining products and services as we deliver reliable electricity at some of the most affordable rates in the nation. We are committed to responsibly stewarding our environmental impact, ensuring strong corporate governance, and building the communities in which we live, work and play.

We believe our environmental stewardship, community development and corporate governance efforts will help us create a more sustainable future for the next generation.

In support of these commitments, we recently expanded our environmental, social and governance (ESG) reporting to align with the Sustainability Accounting Standards Board (SASB) standards for Electric Utilities & Power Generators. By using SASB standards, we voluntarily disclose company performance data in a format that creates a common language for comparison and decision-making. This is our first year reporting through the SASB framework, and all data reflects year-end 2020.

The following report can be found in our ESG Reporting Center on our website at [oge.com](https://www.oge.com).

TOPIC	CODE	ACCOUNTING METRIC	RESPONSE
Greenhouse Gas Emissions & Energy Resource Planning	IF-EU-110a.1	1) Gross global Scope 1 (metric tons (MT) CO2e)	1) OGE Energy Corp. CDP Climate Change Report 2021 (Section C6) ¹
		2) Percent covered under emissions - limiting regulations	2) 5%
		3) Percent covered under emissions - reporting regulations	3) 99%
	IF-EU-110a.2	Greenhouse gas (GHG) emissions associated with power deliveries (MT CO2e)	OGE Energy Corp. EEI ESG Template 2020 (Section 5)
IF-EU-110a.3	Discussion of long-term and short term strategy or plan to manage Scope 1 emissions, emission reduction targets, and an analysis of performance against those targets	OGE Energy Corp.
